

INTERNAZIONALIZZAZIONE LAUREA TRIENNALE E MAGISTRALE

Erasmus+

**Destinazioni Possibili
Area Civile**

Alessandra Aprile

Dipartimento di Ingegneria

Documento per gli studenti della

Laurea Triennale e Magistrale

aa 2023/2024

Cos'è Erasmus+?

Erasmus+ è il programma della Commissione Europea per gli studenti universitari.

Offre la possibilità di ricevere una formazione all'estero **da 3 a 12 mesi** nell'ambito di ogni ciclo di studio:

- Laurea Triennale
- Laurea Magistrale
- Dottorato di Ricerca

ottenendo il riconoscimento dell'attività formativa svolta.

Perché svolgere un periodo di studio all'estero?

L'Erasmus offre agli studenti vantaggi su più fronti:

- **risultati accademici**, (una media di 5 CFU per ogni mese di esperienza internazionale)
- **competenze linguistiche** (soprattutto della lingua inglese, ma anche della lingua del paese in cui si soggiorna)
- **competenze trasversali** oggi indispensabili per crescere in un mondo globalizzato (abilità di adattamento, capacità di cooperazione con persone provenienti da culture differenti).

Perché svolgere un periodo di studio all'estero?

Secondo l'*Erasmus Impact Study*, pubblicato recentemente della **Commissione Europea (2019)**:

- Il **80%** circa degli studenti con una esperienza di mobilità internazionale trova **lavoro** entro 3 mesi dal conseguimento del titolo
- Il **72%** afferma di essere stato agevolato nella ricerca di una prima occupazione post lauream
- Il **40%** degli studenti in mobilità Erasmus per tirocinio si è visto offerto un contratto di lavoro formale dall'impresa ospitante mentre il **75%** ha sviluppato uno spiccato spirito di autoimprenditorialità e quindi ha pensato di aprire o ha aperto una impresa
- Il **75%** degli studenti afferma di aver capito cosa voler fare nel proprio percorso di vita dopo gli studi
- Il **90%** degli studenti riconosce di aver sviluppato forti competenze trasversali quali flessibilità, lavoro di gruppo, capacità comunicative e interculturali

Contributo di mobilità

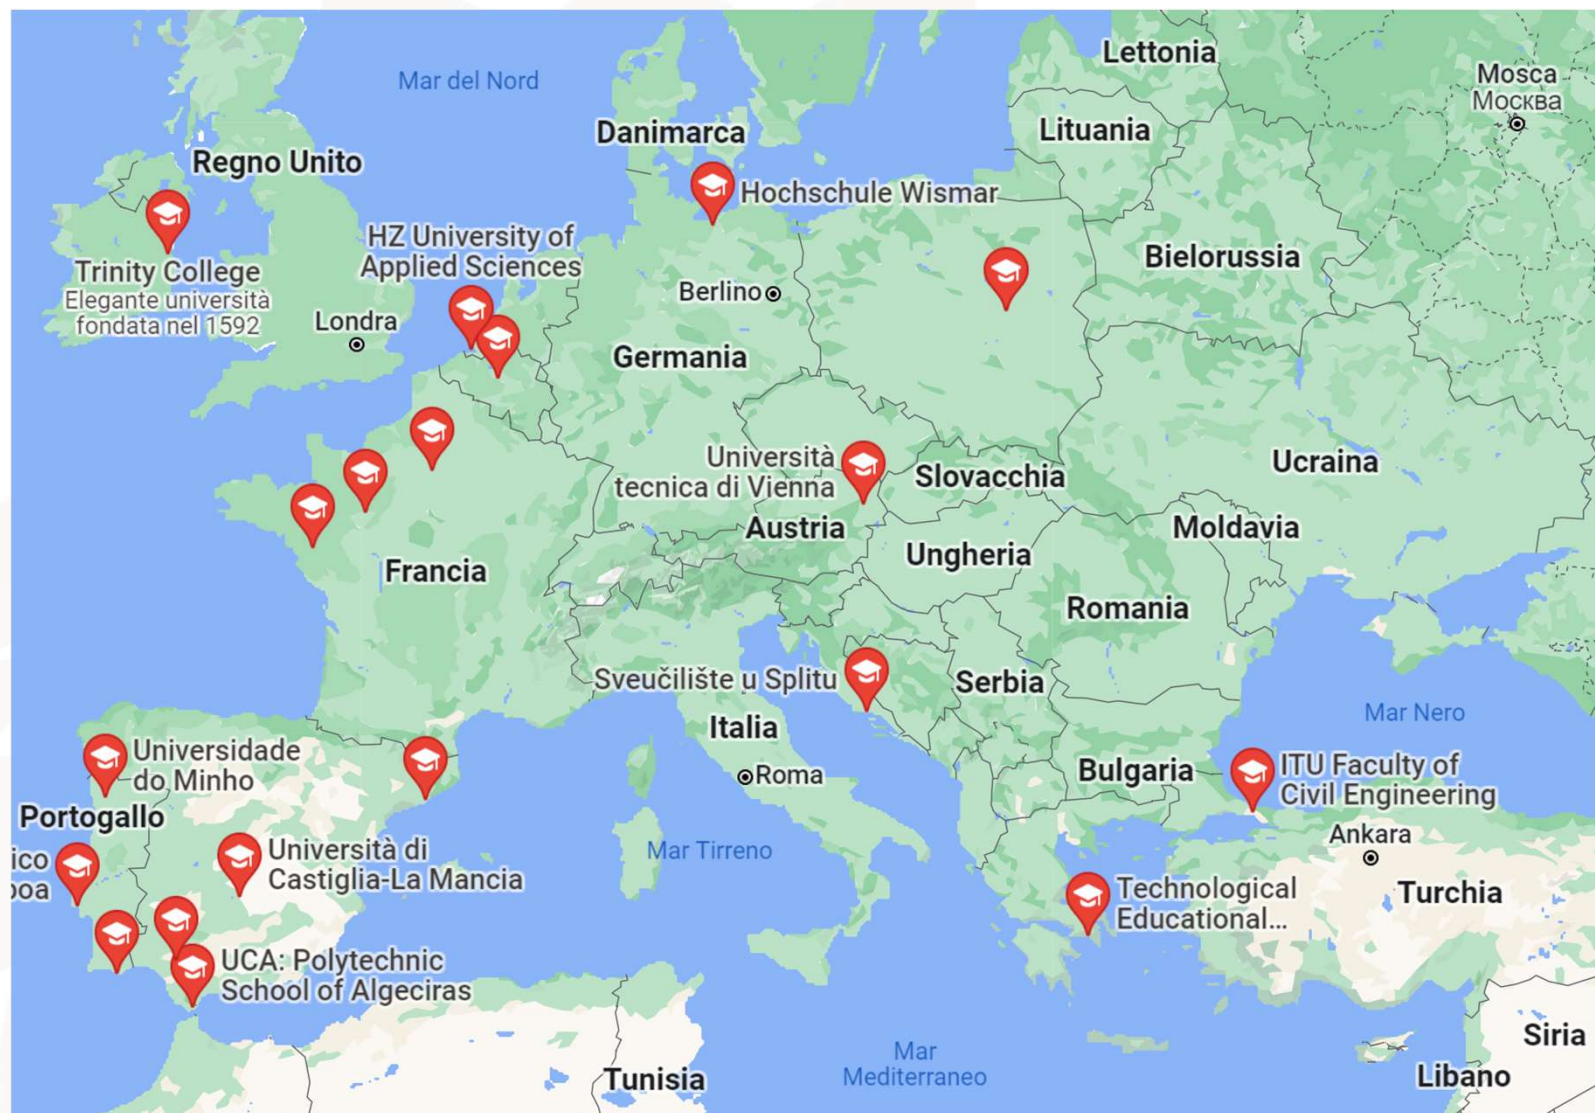

La borsa di studio Erasmus+ prevede una quota in parte erogata dall'Unione Europea, in parte dal MIUR:

- **Contributo Unione Europea:** l'importo va dai 250 € ai 350 € per ogni mese di mobilità in base al paese di destinazione
- **Contributo del MIUR:** viene calcolato su base ISEE (al massimo 400,00 € per $ISEE \leq 30.000$) ed è erogato nella misura del 80% simultaneamente al finanziamento Erasmus+. Il restante 20% sarà erogato dopo la conclusione del periodo di scambio, una volta consegnata la documentazione e a fronte del riconoscimento di almeno 12 CFU di attività didattica.

DOPPIO TITOLO UNIFE-UCA

Ingeniero de Caminos, Canales y Puertos (Escuela Politécnica Superior de Algeciras, UCA) e Laurea Magistrale in Ingegneria Civile (UNIFE) Indirizzi Costruzioni e Ambientale

Avviamento: AA 2019-2020

Posizioni previste: massimo 5

Livello linguistico richiesto: Spagnolo B1

Programma: 1° anno magistrale a UNIFE

2° anno magistrale a UCA

tesi di laurea in UCA e discussione a UCA e UNIFE

Il DD include l'abilitazione professionale spagnola

FORSE NON TUTTI SANNO CHE ...

In sede di laurea verranno riconosciuti:

LT: 1 ulteriore punto per candidati che abbiano sostenuto **almeno 12 CFU all'estero:**

<http://www.unife.it/ing/civile/laurearsi/calcolo-del-voto-di-laurea>

LM: 1 ulteriore punto per candidati che abbiano conseguito **almeno 12 CFU all'estero**, fermo restando che la valutazione massima del lavoro di tesi non può superare 7 punti:

<http://www.unife.it/ing/lm.civile/laurearsi/calcolo-del-voto-di-laurea>

FORSE NON TUTTI SANNO CHE ...

Ferrara School of Engineering

Un diploma per studenti magistrali eccellenti con una forte vocazione internazionale.

I requisiti fondamentali per ottenere il Diploma sono:

- ✓ voto di laurea triennale almeno pari a 100/110;
- ✓ media ponderata degli esami sostenuti alla laurea magistrale pari almeno a 26/30;
- ✓ 30 crediti acquisiti in lingua straniera compresi i crediti ottenuti per lo svolgimento del tirocinio collegato alla tesi e/o l'eventuale laboratorio e i crediti ottenuti per la preparazione della tesi di laurea svolta all'estero.

<http://www.unife.it/it/internazionale/ferrara-school-of>

PERCHE' STUDIARE ALL'ESTERO?

L'esperienza di studio all'estero è fondamentale per:

- ✓ **Aprire nuovi orizzonti e superare le barriere culturali;**
- ✓ **Maturare autonomia personale e professionale;**
- ✓ **Creare una rete di relazioni internazionali a supporto della propria carriera;**
- ✓ **Acquisire una seconda (o terza) lingua.**
